

# ***Scholz Elected As New Head WNTC***

The campus radio station, WNTC, will be headed by Joseph Scholz of Schenectady during the 1959-60 school year. Scholz, a sophomore physics student, was elected President on April 28.

According to Mr. Scholz, plans are being made to extend coverage to fraternities for next year. An increased number of spectacles, such as the recent "Evening with Belafonte", as well as a parade show and live broadcasting from Lewis House are also being considered. Highly optimistic toward the coming year, Mr. Scholz said "The new staff, operating under a new constitution which affords much tighter organization, is showing the interest and participation which I feel will insure the achievement of these and other goals". He emphasized that these improvements were now possible only because of the far reaching efforts of the retiring board.

All the new staff except two are Clarkson students. Representing the teachers college are the Recording Secretary, Miss May Lou Misner of Baldwinsville, and the Record Librarian, Miss Barbara Eddy of Syracuse. Both are juniors in elementary education.

Other members of the staff are Station Manager William A. Farone, North Syracuse; Technical Director Robert Ohliger, Lynbrook; Program Director Charles Shapiro, Albany; Operations Director David Couch, Bayside; Business Manager Elwyn Parker, Porter Corners; Chief Engineer Robert Rollings, Schenectady; Maintenance Director Douglas Button, New Canaan, Conn.; Chief Announcer Donald Gabin, Teaneck, N. J.; Sports Director Albin Grupper, Schenectady; Traffic Manager William Conklin, Rochester; and Sales Manager Robert Bailey, Niagara Falls.
